Las Vegas NHL® Season Ticket Members:

Welcome to history in the making.

With your unwavering support, and the dedicated efforts of our community, we were able to secure Las Vegas its first major league sports franchise in history – the 31st team to enter the National Hockey League. Vegas’ NHL franchise will represent the people of our city – especially our Season Ticket Members – who were instrumental in the league’s final decision. I am excited to continue down this journey with all of you.

T-Mobile Arena, which opened its doors in April, is a premier venue with first-class amenities that will change the landscape of Las Vegas. It is an incredible arena that was built with the primary goal of housing an NHL franchise. The Arena already stands tall as the entertainment epicenter of our region, with a diverse and dynamic lineup that will only grow once NHL hockey hits the ice in the fall of 2017.

We have worked diligently this summer to present you with a comprehensive Inaugural Season Seat Selection Guide that serves as your roadmap prior to the online seat selection process. We are fully committed to working as hard as we can to make this process seamless and efficient. Please take time to read through the guide in its entirety, and continue to visit our temporary website at www.VegasIsHockey.com. We are confident that these materials will provide the information needed to guide you through the process.

We are excited for you to be a part of this historic journey, as we all look forward to puck drop in 2017.

Sincerely,

Bill Foley

GIVING BACK

America’s freedom comes at a great cost. The brave men and women in the United States military and employees of the U.S. government who also serve in combat roles – heroes who risk their lives every day to defend our nation and protect our liberty – understand that freedom isn’t free. Some pay the ultimate price – sacrificing their lives in defense of our country.

While the debt we owe these heroes can never be repaid, Vegas’s NHL franchise supports The Folded Flag Foundation, an organization committed to honoring the legacy of these fallen heroes. By providing scholarships and educational support grants to the spouses and children of United States military and government personnel who have lost their lives as a result of hostile action, The Folded Flag Foundation helps support the legacy of those who gave so much.
